GLENDALE'S MAY FESTIVAL

Arrangements About Completed—Vaquero Club of Los Angeles will be the Chief Feature

The combined committee of the board of trade and the Improvement Association met at the city hall Tuesday evening and made most of the arrangements necessary for the Festival. A large addition was made to the committee on program, which now consists of Messrs. Usilton, Muehlman, Howe, Guernsey, Hurtt, Allen, Pulliam and Sherer. Mr. Usilton who has been acting as chairman of the committee, stated that it was impossible for him to be in Glendale during the greater part of the day and desired that some one else be appointed chairman; Mr. Sherer was selected in his place. The committee met on Monday afternoon with Mr. Munger of the Pacific Electric advertising department, and arrangements were completed for the publicity campaign which Mr. Munger agreed to take charge of, he guaranteeing that there will be as much of a crowd here on the day of the festival as can well be taken care of. The Pacific Electric also furnishes the band, probably the one from Long Beach, which has a reputation as being among the best. It is expected also that the Examiner band of Los Angeles will be secured, so that the question of music is settled. One of the most important matters agreed to was the securing of the Vaquero Club of Los Angeles to give one of its unique performances. This company of horseback riders is one of the biggest drawing cards for an entertainment of this kind that can be found anywhere and to see them is something worth while. Applications for concessions for various kinds of amusements are coming in, including a merry-go-round, etc., that the prospect for a varied round of amusements is bright.

It is hoped that the action of the Glendale and Vicinity Improvement association at its last meeting in calling upon the people to observe Saturday the 14th, by cleaning up sidewalks and parkways throughout the city which are not at present in a condition such as to indicate any civic pride and should be cleaned up before we entertain the thousands that will be here next Saturday. Five thousand visitors is a conservative estimate of the number who will be here. Owners of automobiles are called upon to volunteer and be prepared to show our guests the best that we have in the way of natural advantages, improvements and that spirit of progress and hospitality of which we boast. The program in the evening will be a very attractive one. It is expected that two or three speakers such as Lee Gates, Mr. Scott of the Los Angeles Board of Education, and our own Col. Thornton, will be on the program, while there are other features of unusual attractiveness being discussed. Attention is again called to the fact that while the main purpose of the day is to celebrate the installation of our electric lighting system, this is at the same time to be a festival which is bound to be of great benefit to the whole community in this end of the San Fernando valley and everybody everybody hereabouts is expected to join in.

There will probably be a four-page folder issued for general distribution which will contain a program for the day.

Since the above was written the Program Committee has decided upon practically the following program of events, subject to minor changes:

Barbecue and band concert, 12 m. to 1:30 p. m.

Vaquero Club of Los Angeles, 1:30 to 3 p. m. The features of this being: Grand Parade and Quadrille; Feather Pulling; Tug of War; Ternello (ring spearing); Rope Twirling, etc.

Field Sports, 3 to 4 p. m. Features: 50-yard dash, boys under 13; first, boys under 7; second, boys 7 to 10; third, boys 10 to 13. 100-Yard Dash; Pole Vault; Broad Jump; Potato Race; Fat Men's Race (200 pounds and over); "Hurrah for Glendale;" Sack Race; Three-Legged Race; Tug of War; Pitching Horseshoes; Cracker Eating Contest. These events open to all.

4 p. m., Baseball.

Beginning at 8 p. m., at the Grand Stand on Fourth street: Music; Addresses by Hon. Lee Gates and Col. T. C. Thornton; Broadsword contest by Japanese.

EDGAR LEAVITT SUFFERS SERIOUS ATTACK.

Shortly before 8:30 last Tuesday morning, Edgar Leavitt, a prominent citizen of this place, was stricken with an attack of heart failure, and for a spell of about an hour and a half fears were entertained as to his recovery. The attack overtook Mr. Leavitt while he was in the store of H. P. Coker on Brand boulevard.

For several minutes Mr. Leavitt had been waiting for the Pacific Electric car with a view of going to his office in Los Angeles. The waiting grew wearysome and Mr. Leavitt stepped into Mr. Coker's feed store to converse with the proprietor.

"Good morning, Mr. Coker," said Mr. Leavitt, as he entered the rear feed room. Mr. Coker replied in a jocular vein, and as Mr. Leavitt did not answer, he turned and saw that his face had grown extremely red. He at once stepped toward Mr. Leavitt, but the latter fell unconscious to the floor before assistance reached him.

Dr. Hunt was summoned, but it was not until an hour and a half afterward that consciousness was restored. When coming to himself the sufferer screamed several times, after which he calmed down and passed several minutes in talking Japanese.

Some time later he was taken to his home, 124 North Glendale avenue, in an automobile.

Late report is to the effect that he is doing well and will probably be around again in a few days.

THE CENSUS IN GLENDALE ALMOST COMPLETED.

The NEWS has had some inquiries in regard to the taking of the U. S. Census in Glendale, some of them being from persons who are under the impression that only two weeks is allowed for the work. Outside of large cities the time allowed is thirty days and this limit will expire May 15th. Mr. Parker, the enumerator for Glendale city, informs us that he has canvassed nearly all of the city except a portion on the east side which he will probably cover this week. There are quite a number of houses in the territory he has covered, where the occupants were not at home when the enumerator called and in these cases they will be visited again. If any one who thinks he has been missed in the count will send word to the NEWS office by phone or otherwise, we shall be glad to call the enumerator's attention to it.

CONTEST NEWS.

Well, the contest is finished, the race is run and now the contestants await the reward for their efforts and the news that will tell them how well they have all succeeded. A good many of the contestants tried to wake up too late, but all have done well and to the hard workers belong the reward. The winners are as follows, with their scores:

Howard McGillis, 40,120 points, 1st prize, $20.00.

Willard Boyer, 17,800 points, 2nd prize, $15.00.

Goldie Neff, 11,000 points, 3rd prize, $10.00.

Lorin Litchfield, 8,640 points, 4th prize, $5.00.

SPORTING NEWS

Glendale 4, Mavericks 3.

That's the way the score read at the end of one of the most exciting games of baseball ever held on the Glendale diamond and my, what a scare those Mavericks of Los Angeles gave our boys. Hilliard, the new pitcher, who won a 4 to 1 game against Occidental Varsity was put on the mound again to see what he could do, and he pitched beautiful ball allowing no runs and only 3 hits in 8 innings when he let down a little in the 9th and 2 hits an 2 errors netted the visitors 3 runs. Glendale had gathered one in the first and one in the second inning and with the score of 3 to 2 against them Hilliard went to bat. "Out at first," yelled the umpire, one down and Manager Valentine "seeing things." But the next boys up came through with the necessary hits combined with a costly fumble by the Maverick second baseman, and two runs crossed the pan with the game won for the home team. Manager Valentine thinks so well of Hilliard that he has decided to pitch him in the great holiday game May 14 against the strongest strictly amateur team who will visit Glendale, the Alhambra team, which has won 15 out of 16 games played. Tomorrow (Saturday) will be a great day in baseball. Manager Valentine has secured the Suburban League High School game between Glendale High and San Pedro for his grounds, and this game will start promptly at 2 p. m.

Immediately after Glendale City will play Union Hardware & Metal Co. thus making an interesting double-header for the patrons of the game secured seats to do so at once at the stores, as the demand will exceed the supply, as Manager Valentine has made a rate to bona fide pupils of the high school of 15c and 10c for grandstand and bleacher seats, respectively. Great games are assured as both local teams are on their mettle and in fine trim. Following is the line-up of both games:

San Pedro		Glendale High
Sepulveda	Catcher	McNutt
Cummings	Pitcher	Mitchell
E. Lucas	First Base	Davenport
V. Lucas	Second Base	Sprinkle
Hannum	Third Base	Knight
Yturralde	Shortstop	Bourne
Hamilton	Left Field	Emery
Storer	Center Field	McDonough
LaBlont	Right Field	Askeland
Griffin	Substitute	Barrager

McKenney, Umpire.

Union Hardware		Glendale City
Tortez	Catcher	Butler
Molly	Pitcher	Benson
Caudry	First Field	Davenport
Menzer	Second Base	Sprinkle
Johnson	Third Base	Flores
Haskell	Shortstop	Bourne
Regan	Left Field	Hilliard
Brown	Center Field	Pulliam
Switzer	Right Field	McNutt
Smith	Substitute	Valentine

NEW BUSINESS.

A new real estate firm has been formed, known as The Glendale Investment Company, the partners being John A. Cole, C. W. Damerell and Harry Chase. They occupy a part of the quarters vacated by Parker & Sternberg on Brand boulevard.

Mr. Wm. Chappell has bought of Mr. Walker the Suburban Dry Goods store on Brand boulevard and took possession May 2d.

A bakery and delicatessen establishment has been opened at 318 Brand boulevard by Mr. L. D. Eastman. Mr. Eastman was formerly in charge of the delicatessen belonging to the Meek Baking Co. on Sixth street near Main, Los Angeles. He will handle Meek's goods here.

A moving picture establishment is fixing up the building on the corner of Fourth and Glendale avenue for their purpose and will open in a few days.

REMOVALS.

Parker & Sternberg have moved into their new offices on Brand boulevard in the building just completed for them and have one of the best equipped offices in town. It is expected that the other offices in the same building will be occupied, the one by the Domestic Gas Co. and the other by E. H. Taylor, electrician.

Mr. Kline, the shoemaker, who has been in the same room with the Glendale Dye Works, will move into and occupy a portion of the quarters formerly occupied by Parker & Sternberg. The Glendale Dye Works will enlarge the quarters now occupied.

Just as a sample of what advertising will do for a man and his business, we will mention that of Mr. Carney, our industrious shoe man. Since coming here Mr. Carney has been a very liberal advertiser and has found that it pays in every sense of the word. This week he has made several improvements in his store, among which is the erection of 180 running feet of shelving at the rear of his store. This is being done, says Mr. Carney, on account of the rapidly growing business and to make room for a full line of Black Cat stockings, for which he has the exclusive Glendale agency.

CLEAN-UP DAY.

The Improvement Association at its last meeting issued a call to citizens of Glendale and vicinity to set aside Saturday, May 7th, for the purpose of cleaning up parkways, sidewalks and vacant lots, so that the city may present as attractive an appearance as possible on May 14th. It is a good idea. Work it out.

Mr. and Mrs. Barnett and Miss Slater were Sunday guests of Mr. H. M. Merrill of El Rose street.

HIGH SCHOOL.

A large number of the high school students attended the school concert given by Damrosch on Monday afternoon. Mrs. Gibson, the musical director, had explained the movements before the concert, so the music was doubly appreciated. Miss Flood gave the first illustrated Latin talk on Tuesday of this week. Her subject was Vesontio and the methods of besieging towns by Caesar. The innovation was certainly a success. This will be followed by a talk next Monday by Miss McLean on Roman houses and furniture, illustrated by appropriate slides.

The Juniors have purchased a beautiful new class banner in their colors of silver gray and crimson. It is the handsomest class banner yet brought into the school and they are justly proud of it.

Craig and Fred Greenwood of Burbank high school visited us on Wednesday morning of this week.

Mr. Moyse spent Wednesday afternoon at Hollywood last week investigating the manual training and domestic arts work in that school, with a view to the introduction of one of these subjects into our school next year.

Miss Isabella Baker, who hitherto has been classed with 1911, has been transferred to the Senior class. She is doing the four years' work in three, having taken outside lessons in the summer time, and will probably graduate with the class of 1910.

The baseball boys have organized a second team and daily practice between the two teams is bringing out better team work. The home team will play San Pedro High school on the city diamond next Saturday afternoon. The boys are hoping to have better luck than on a certain warm day when they played Burbank high.

The class of 1912 held a class luncheon last Thursday noon. The tables were prettily decorated by the young ladies of the class and the daintiest of eatables were served. The young men rewarded the girls by presenting each one with a bouquet of sweet peas.

The sixteen girls who gave the Pantomine in the Latin play have been asked to repeat it at the Greek play to be given by the College Women's club in Los Angeles next Saturday. Inglewood High school and Citrus high have also asked for the drill that it might be given for commencement, but as it was originated by Miss McLean, this will not be possible.

The first oratorical contest in Glendale high school was a complete success. The auditorium was decorated by the four classes, each having chosen a location for the class and having used the class colors.

The Seniors erected a large electric sign with the class numerals. But the Juniors won the palm with their canes and enthusiastic support of their candidate. The early part of the evening was devoted to jollification, consisting of class songs and yells. Then after an invocation by Dr. Ward [illegible] dates gave their orations. Each contestant showed that his heart was in the effort. The speeches were well written and delivered. Miss Hazel Everts' class 1912 won the gold piece and Owen Rhodes, '10, the second place. Miss Everts' shows the results of previous training and was the general choice throughout the audience. Mr. Pittman, the new member of the high school board from Eagle Rock, delivered the award. His remarks met with great enthusiasm in the audience. Mr. Howe, who had charge of the affair, is very much pleased over the interest shown, and feels confident that next year will show that Glendale high has developed orators fit to compte in any contest.

Mr. Stabler of Phoenix, Ariz., and Roy Crist of Los Angeles, were high school visitors on Tuesday. These gentlemen are both school men and were much interested in our equipment. The last number of the Stylus, out last week, is generally admired.

THE WEATHER AND PRODUCTS.

Not within the recollection of the "oldest inhabitant" has the thermometer recorded such an altitude of temperature in April as was reached last week when it marked 100. But the two or three extremely warm days having passed there succeeded the days of delight now prevailing, the regular California weather. The hills are beginning to don their hues of brown as a result of the rays of the too ardent sun, but crops of grain, vegetables, berries, are all that could be desired, while vineyard and orchard are beautifully green. Along Glendale avenue on the Child's property and on First street on the ranch of Edgar Leavitt, Esq., the Japanese are gathering the last of their early crop of peas. Fields of lettuce in various parts of the valley are looking somewhat the worse for wear, the cream of the crop having been harvested. Early potatoes are becoming abundant, selling at two and a half cents a pound. Strawberries are retailing at five cents and cheaper by the crate. The hot house still has a monopoly of cucumbers and string beans. Muskmelons have just appeared in the Los Angeles market from the Colorado "desert," and the first cherries have arrived from the North.

PURCHASED W. D. BUCK GROCERY.

F. C. Eaton of Lomita avenue and H. H. Dreyer, recently of Florida but now living with his family on Brand boulevard, have purchased the grocery business and stock of W. D. Buck, Third and Glendale avenue. They will continue Mr. Buck's policy of doing a strictly cash business.

CITY TRUSTEES

TRUSTEES—REGULAR MEETING.

Held Monday evening, Messrs. Lane and White still absent. The usual routine was disposed of. Upon inquiry it was developed that in the case of the condemnation suit in regard to Sixth street, 36 notices to interested parties had been prepared by the city attorney, all having been served except seven. Report was received from the manager of the electric light department. Building inspector's report for April was received showing 23 permits issued for the month amounting to $23,019. A report was also received from City Recorded Whomes showing two cases disposed of during April. An ordinance changing the boundary of fire district number one was read first and second times. Bonds of city clerk and marshal were presented and approved by the board.

MEMORANDUM OF AGREEMENT.

Between General Manager McMillan of Pacific Electric and the Board of Trustees of the City of Glendale.

The following is a correct abstract of the agreement informally entered into between the city trustees and Mr. McMillan at a meeting in the latter's office, all trustees present except Mr. Watson:

First: It is understood that the P. E. Railway Co. will give crossings at intersections of Oak Drive and Brand boulevard, Maple avenue and Lomita avenue and the present established crossings from Sixth street to First street; reserving the right to establish the stopping places for cars and trains at such points as it may deem best between the crossings above named from the southern city limits to Fifth street inclusive.

Second: It is understood that the P. E. Co. will as soon as it can conveniently do so, lower the grade of the tracks at the Fourth street crossing, and also lower the grade of all its tracks on private right of way between Ninth street and Doran street, at such time as it becomes necessary for it to renew or reconstruct such tracks, or relay the same with heavier rails; the new grade for such tracks to be put on an official grade so as to allow proper drainage from the tracks and right of way to the streets.

Third: Also that the P. E. will furnish the material for grading the crossings as above provided, the work to be done by the city of Glendale at its own expense in such manner as agreed upon by the city engineer of Glendale and the engineer of the railway company.

Fourth: It is further understood that the necessary conveyances will be made forthwith to dedicate the above mentioned crossings, and materials to be furnished by the P. E. Railway Co. for work done by the city of Glendale within 30 days from the date of said conveyances.

Fifth: It is further agreed that the board of trustees will not request or demand any other crossings over the private right of way of the P. E. Railway Co. then those hereinbefore specified, within five years from April 1st, 1910.

The above is a memorandum for proposed agreement to be written up in regular form and executed by those concerned, and to which regular agreement is to be attached, a blue print map showing locations, etc.

IMPROVEMENT ASSOCIATION.

The Glendale and vicinity Improvement Association held its regular monthly meeting at K. of P. hall last Friday evening. Various matters of general interest were discussed, particularly the May Festival, and in connection with that it was decided to ask citizens generally to set aside Saturda, May 7th, as "Clean-up" day in preparation for next week's great event. The necessity for a city jail was one of the matters discussed and the members were unanimous in the expression of a belief that the city trustees should do something at once for the accommodation of the city "boarders."

Mr. N. F. Reynolds leaves tomorrow for Pennsylvania where he will probably spend the summer.

REAL ESTATE AND BUILDING

The completion of our electric lighting system and the coming of gas are two factors which probably account for the activity shown in every line of business in Glendale while the section outside of and adjoining the city does not lag far behind. The number of strangers seen on our streets increases almost daily. As heretofore there is not much property being sold on speculation, but nearly every sale means either a new house to be built immediately or the coming of a new family into the neighborhood or both.

Mr. J. M. Benedict has sold his place on East Third street near Verdugo Road to Mr. J. J. Wessels of the Glendale Sanitarium. It is understood that this property, consisting of an acre of ground and a good residence, brought about seventy-five per cent more than it cost Mr. Benedict three years ago.

Mr. Godfrey has started a one-story brick business block on the north side of Fourth street, second lot from Glendale avenue, to cost $3000. It will consist of three store rooms. The Peerless Realty company has recently completed four houses on Fairview avenue near Louise street, three of which have been sold. Mr. Odell in the same neighborhood continues to erect new residences and sells them as fast as completed.

Mr. Wm. Anderson, city trustee, will move his house on the lot adjoining the postoffice on the east and erect thereon a brick block of one story, 50 by 70 feet, two stores, cost $3500.

Mr. David Buesser has commenced work on a one-story building on Mary street south of Third to be used as a blacksmith shop. The building is to be of terra cotta tile furnished by the Tropico factory, cost $1000.

Chas. W. Kent and Son have contract for a house for Mr. Keyes on Woollacott street to cost $1750, and are building one for themselves to cost about the same.

H. D. Brown has contract for a residence for J. V. Vickers on Central avenue and Mountain street, which will cost $6000.

H. G. Dominy, city treasurer, has begun work on a $2000 house, corner of Seventh and Brand.

J. A. Young, Third and Belmont, is making additions to his house, to cost $500.

Mr. L. Weaver, Third and Kenwood, has the foundation for a $3000 residence. It is on the corner opposite the home being built by Mr. M. P. Harrison of the First National Bank, and somewhat similar in design.

W. S. May has contract for a house for Mr. Dodson, corner of Columbus and Oak Drive, to cost about $1500.

Drake & Miner have a contract for a house to be built for Mr. Chandler on Sycamore street, to cost $2500. The same firm has another contract for a house for Mr. Brown in the same neighborhood to cost $2300.

The Overton Realty company this week reports the sale of 10 acres in the San Fernando valley from Ed Ross to C. C. Fisher of Santa Monica for $1500. Three acres of this is planted to eucalyptus and the remaining seven acres is in barley. This piece is situated four miles north of Burbank.

T. A. Wright of Fourth street reports the following sales: One lot on Louise street between Third and Fourth streets to Mrs. David Carney. The price paid was $750, and the new owner will at once erect a residence. Lot 8, in the high school tract, to A. P. Offutt, who is now building a $3000 business block. He also reports the sale of four lots on Mary street to W. F. Nash of Sawtelle, recently of the East. The price paid for the lots was $500 each. The new owner will start work on a new home soon.

E. K. Grant has traded his place consisting of house and lot on Kenwood street, for a 35-acre ranch near Wasco, which lies 25 miles north of Bakersfield. Mr. Grant and family will move on their new property about the first of January next.

AMONG THE BUILDERS.

Chas. W. Kent, a former contractor in Pennsylvania for many years, but engaged in the same business in Pasadena for some time, and his son Roy L. Kent, a contractor from Los Angeles, have purchased a lot on the west side of Brand boulevard between Fourth and Fifth streets and have improved it temporarily with an attractive little office of Swiss design, making use of the split R. W. shakes and asbestos roofing for exterior covering. The inside has been left in the rough and oiled. They intend making a specialty of the Swiss bungalow which if worked out properly makes a home of more than ordinary attractiveness. Chas. W. Kent will be a resident of Glendale as soon as his home, now in course of construction on Arden avenue, is completed. His son has been a resident for over a year and resides on the same street.

Mr. J. M. Benedict has returned from a business trip to Colorado. He reports that he escaped the severe weather which that section has recently been afflicted with, but ran into a snow storm last Sunday at Colorado Springs. Mr. Benedict has sold his home on East Third street to Mr. J. J. Wessels of the Glendale Sanitarium and will leave with his family for Mountain View in the Santa Clara valley next week to locate there on account of the necessity of being nearer to his work.

Capt. J. M. Wells, who has been visiting San Francisco for the past fortnight, has returned home.

GLENDALE, CAL., MAY 6, 1910

A run began on the Night and Day Bank in Los Angeles last Monday which continued over Monday and Tuesday. The bank stood the pressure successfully. A bank that is open for business 24 hours a day, in a city the size of Los Angeles, is an institution capable of being of great service to the public, particularly to workingmen, who have need for a place to put their money which they receive after banking hours, and deserves support.

That grand old man, Edward Payson Weston, has made good again. At seventy-two years of age, he has made the unprecedented record of a trip across the continent, from Los Angeles to New York, 3480 miles in 77 days. It is a demonstration which proves Osler to be a false alarm and shows that a man with a good constitution and simple in his way of life, is good for all the ordinary duties of life up to and beyond the "three score and ten" limit. The performance recalls also the good old rhyme,

"Peace and temperance and repose
Slam the door on the doctor's nose."

The ministers and many other good citizens of San Francisco are endeavoring to get the district attorney of Alameda county to interfere with the fight between Jeffries and Johnson on July 4th at Emeryville. Probably if he had an intense desire to do so the district attorney might find some legal means by which the exhibition could be stopped, but he will, no doubt, fall back upon the absence of a state law covering the matter, as his reason for doing nothing. If the people want prizefighting stopped in California, as it surely should be, they must look to the legislature to pass a law prohibiting it in California, such a law being upon the statute books of nearly all the other states of the Union.

We regret that in the final make-up of the paper last week a number of interesting personal and local items had to be left out. The increase of advertising patronage is at present encroaching upon our local space and if it continues the paper will be enlarged, as it is not our intention to allow the NEWS to deteriorate in any way. On the contrary, it is the wish of its proprietor to share any prosperity that may come to the paper with its patrons, and to do more and more for the community as an increasing patronage permits. The subscription contest which has just closed, has added a large number of subscribers to our list, which fact makes the paper of increased value to its advertising patrons.

A valued subscriber furnished us with a copy of the Literary Digest of recent date containing an account of a "Trackless Trolley," or an electric bus receiving its propelling energy from an overhead wire, but running on an ordinary road, not being confined to a track. It is said to have demonstrated its practicability in Germany, France and Holland. The idea is certainly suggestive of great possibilities, as the principal cost of present trolley systems is the track required for the vehicles to run upon. It is safe to presume that good roads are a necessity for the successful use of the system as at present developed, but it would seem to be practicable to provide streets with a common track or tracks for general use.

A MISTAKE.

The supervisor of the census in Los Angeles is quoted as saying that in the case of people who will not answer questions, a new way has been discovered to dispose of them, "they will be put down as idiots and so counted, no further attention being paid to them." It seems almost incredible that the authorities in Washington should be so weak-minded as to authorize such action. The government has the power and has always heretofore exercised it, of compelling answers to census questions or imposing a penalty. Anything less is beneath the dignity of the government and it is surprising that any good citizen should desire to see any such exhibition of weakness.

GLENDALE MAY FESTIVAL.

The festival to be held in Glendale a week from Saturday (May 14th) promises to be without doubt the biggest thing of the kind ever witnessed in the valley, and will be of immense advertising value to this section. The Pacific Electric people are advertising it most liberally and there is no doubt but that the number of guests we will be called upon to entertain will be as large as can well be taken care of. Five thousand visitors for the day is a very conservative estimate.

Our people have been a little slow about getting awakened to a sense of the impending event, but now that it draws near a proper spirit of enthusiasm, backed up by financial support and civic pride, is being manifested. The program will be a most attractive one, of interest to residents and strangers alike, and May 14th will be a date to be remembered with pleasure by all who participate.

PROF. HILL'S UNFORTUNATE ILLUSTRATION.

The report in last week's NEWS of the remarks of Prof. Hill to the students of the High school, quotes him as saying that "there would likely never again be a president of the United States who was not a college educated man and that the world would not today support for president a Lincoln type educated man." This might well create an impression, as it is said to have done, but the impression created on same might not be one favorable to Prof. Hill's knowledge of the world.

While it is probable that owing to the fact that the education afforded by the colleges is more easily attainable by the masses now than in the days of Lincoln, our presidents will as a rule be men educated in the colleges, yet the natural deduction to be made from the quoted statement is palpably untrue, meaning that Lincoln would have no chance for success now as against the man with a college education. The people do not ask nor care whether the men who serve them in places of authority, other than the schools, have college educations or not, and there will continue to be in the future as there has been in the past, many examples of success attained in the various walks of life without any assistance from the colleges. Abraham Lincoln was one of the best educated men of his time, and as has been remarked by others, he was able in his oration at Gettysburg to give to the world a classic to adorn the literature of the ages, while the highly polished product of the colleges, that professional orator Edward Everett, delivered an oration which was forgotten as soon as uttered. There has just passed from earth another man who had none of the education of the colleges, but that did not prevent Mark Twain from achieving one of the highest places in the world of literature.

The great good being done by colleges will not be denied by any person of intelligence, but we believe it is oftn overvalued by professional educators, and the schools, although the principal factors in education, have no monopoly of it.

MARK TWAIN.

It is hard to realize that "Mark Twain" is dead. We have depended upon him so long to furnish us sunshine to brighten the dark places, that we cannot think of him as gone from earth. But the good that he did lives after him, and still from our shelves we can take the products of his genius which will not for a very long time fade from the memory of man, but will through many generations yet to come minister to a real and universal human need. His memory is particularly dear to Californians, for he was a journalist in San Francisco and among his earliest works that brought him fame were the sketches of the "Jumping Frog of Calaveras," and those other inimitable tales of western life contained in "Roughing It." Although probably the greatest producer of humorous literature that ever lived, he was much more. His genius was most versatile and had he never written a page in lighter vein, he would yet have made a name for himself among the foremost of his literary contemporaries. His "Joan of Arc" is a splendid piece of biographical writing, and through all of his work there runs a vein of serious wisdom showing a clear insight into the deeper wellsprings of human thought and action. It often happens that the work of a literary genius may show a striving after high ideals which is not consistent with the known facts of the author's life. But it was not so with Mark Twain. His private life was one worthy of emulation, although possibly in some of its daily details it was not modeled after most strait observance. He was brought to poverty and the verge of dishonor in the business world by the failure of the firm of which he was a member, but he manfully started out on a money-making tour of the world and succeeded in paying every dollar of the firm's debts. Death robbed him time and time again of those he held most dear, but never in misfortune or affliction did he fail in his mission of giving cheer to the world and the bright sunshine of his nature emanated from him to the very last scene of his eventful life. The world is better for his having lived and will be better yet!

MOVING IN A CIRCLE.

Men who are lost on the desert or in the forest, usually have one common experience; while imagining that they are going ahead in a straight line, they move, on the contrary, in a circle and often find themselves after much wearisome travel in the place that they started from. It is the same in common every-day experience and to no one does this idea of motion in a circle apply with greater force and aptness than to the people who do not "mix." It does not matter whether the circle traveled in is that of the family, the lodge, the 'ism or the church, the result is just the same, the circle may be "select," but it brings the traveler around to the place of beginning. There is an undoubted sense of comfort in the idea of self-sufficiency, the feeling of the individual that to him has been given a knowledge superior to that possessed by his fellows and the wisdom to use it unerringly. But his flattering unction is purchased at the cost of every atom of unprejudiced judgment, and the unfortunate victim who lays it to his soul, will need to go through more years than those of his earthly pilgrimage to attain the goal that he fondly imagines he has already achieved. There is no influence more broadening than that wrought by the contact of mind with mind over legitimate points of difference; sympathy is a beautiful and soothing antidote for the soreness of a mind distressed, but sympathy's function is not educative, it takes opposition to develop real power. Kipling in one of his best poems suggests a great truth when he asks "What do they know of England, who only England know?" There are theoretical students of complicated questions in government who fancy that they are well informed because they have read much literature upon one side of the subject; in reference to this class of students Kipling may be imagined to ask, "What do they know of the matter who only the matter know?" The greater part of the people of the world want to do right; they may yield to temptation and do very wrong, but aside from actual crime, the most of the wrong doing comes from lack of knowledge and not from mere desire. And this lack of knowledge frequently comes from inability to occupy the other man's point of view. If those who would reform the world, could only bring themselves to the point of admitting the possibility of there being some right on the part of the enemy against whom their efforts are directed, there would be far less waste of good ammunition by guns pointed in the wrong direction.

If the people who in social, political and religious life care only to associate with those whose views accord with their own, they will ultimately find like the lost traveler, that after much wearisome effort they have arrived at the same old starting point.

FIFTEENTH ANNUAL CALIFORNIA LIBRARY ASSOCIATION.

The annual session of the C. L. A. assembled in an enthusiastic convention at Long Beach, April 25, 26 and 27. The meetings being held in beautiful Hotel Virginia and were presided over by State Librarian James L. Gillis. The program consisted not only of interesting features, but instructive and helpful hints for the librarians who represented the various parts of the state. Two especially entertaining numbers were the lecture by Harold Bell Wright and the original poems recited by C. F. Lummis of the Los Angeles library. There was held in store for each evening some delightful social function, one being a play written by Miss Ott, a member of the Los Angeles staff and given by her and her co-worekrs.

Tuesday was Trustees day, our library being represented by Mesdames Wells and Witham. On the same day the county library law was presented by President Gillis for discussion. Judge Owens of Whittier opening the discussion offered favorable comment on the revision which provides that it affect country districts only, but not the municipal libraries.

Invitations were received by the C. L. A. for next year's session, Del Monte being one of the favored places where Mr. Lauren Ripley of the Sacramento public library will act in the capacity of newly elected president.

Preceding the convention there was a two weeks' institute consisting of a course in reference work, ably conducted by the Misses Darlow and Beckly of the Los Angeles library, and a course in cataloguing and classifying under the capable instruction of Miss. Sutliff, who was assisted by Misses Cumli and Oddie, all of the state library. The institute was delightfully spiced by lectures, a rare and valuable collection of Japanese art, a display of very old books, unique posters and pleasant gatherings during the hours of recreation. The most elaborate terms of praise would not be an exaggeration of the capabilities of the genial hostess, Miss Ellis of the Long Beach library, who was ably assisted by her staff and the board, of whom Mr. Baker, our attorney, is a member.

Mr. Baker's address on Walt Whitman's "Blades of Grass" was not only a proof of his capability to grasp the breadth and true import, but was an inspiration to those who have failed to read him.

McNUTT & GOODE.

A Law Firm for Glendale.

Glendale is in one way quite an old town, but in the present growth is new.

It has never as yet had in it a firm of attorneys. But now we are to have one.

The new firm is composed of two well-known men whose very names promise success at once to the business. The parties are P. S. McNutt and R. E. Goode, both well-known attorneys of Los Angeles and Glendale.

Mr. Goode has grown up among us, graduated at our high school and at the U. S. C. law school.

Mr. McNutt is a well-known attorney and has had for several years good practice, with offices in Los Angeles.

The new firm will have offices for the present in the Glendale Bank block in the offices of Tupper & Co. The new firm will still maintain offices at 624 San Fernando building, Los Angeles, also.

Further announcements will be made in our next issue.

ST. MARK'S GUILD.

Had a very successful meeting last Thursday at the Guild hall. Work was suggested for the year, by the various committees in charge. The retiring officers were thanked for their faithful efforts during the past year and the new officers were installed with enthusiastic plaudits.

The next meeting will be on Saturday, May 14th, when all the members are requested to be at the Guild hall to assist in serving refreshments for the Glendale May Festival. A nominal sum will be charged for coffee, sandwiches, ice cream and cake. The hall will serve as a rest room to the merry May participants.

Further notice will appear next week of our plans for the day.

TUESDAY AFTERNOON CLUB.

Regular meeting on Tuesday afternoon next (10th) at Guild hall. There will be a musical program, Mrs. W. C. Fraley in charge. Nomination of officers for the ensuing year will be made.

Two of the most interesting numbers of the program "California Day" presented by Miss Cora Hickman for the Glendale Tuesday Afternoon club was the rendition of three numbers from McDowell, by Miss Ina Whitaker.

This delightful pianiste always charms her audiences with the technique and pleasing interpretation of her instrumental numbers.

Mr. Marquis Ellis, at one time resident of Glendale rendered several tenor solos. Mr. Ellis so captivated his appreciative audience that he responded to the second encore. The rare treat of enjoying Mr. Ellis' solos was all the more appreciated from the fact that Mr. Ellis' time is so occupied at his studio and at the several theaters of Los Angeles where he is musical director, that his visit to the club came as a genuine treat and surprise, which Miss Hickman gave the club.

ST. MARK'S EPISCOPAL CHURCH.

May 8th, Sunday, after ascension. Morning service 11 a. m.; sermon by Rev. A. G. L. Trew, D.D., on "The Ascension of Our Lord." All seats free. Everyone cordially invited. No evening service.

BAPTIST CHURCH.

Rev. F. G. Cressey, former pastor of East Los Angeles Baptist church, will preach both Sunday morning and evening. All are welcome to each and every service of the church.

FIRST METHODIST CHURCH.

The pastor will preach both morning and evening. Morning subject, "The Mind of Christ;" evening, "At the Gates;" this to be a stereopticon lecture. About ninety slides. Better come.

"A Spiritual Birthday Anniversary," the League devotional subject. 1 Thes. 1:5:8; Gal. 1:15, 16. Thos. Watson, leader.

Tuesday night the Epworth League business meeting and election of officers.

Tuesday night after the league meeting will be conducted the mission study class. Study chapter VII.

Dr. Mather, our district superintendent, will conduct the prayer service next Wednesday night.

The W. F. M. S. will meet Thursday afternoon.

All evening services after next Sunday will be at 8 o'clock.

Dr. Mather will hold the third quarterly conference Wednesday evening after the prayer service.

Last Sunday morning was the largest communion service in the history of the church; 170 received the communion.

Two united with the church last Sunday morning.

The Sunday school enjoyed a fine picnic last Saturday at Griffith Park.

The Ladies' Aid will build an addition to the primary building.

You are cordially invited to our services.

Your Checks are Receipts

"Pay as you go" is an excellent maxim provided you "pay-by-check." It's foolish to carry money on the person, except for the smallest purchases and incidentals, for aside from the care and inconvenience there is always the danger of theft or loss.

But with a check-book of this bank in your pocket the inconvenience and worry is eliminated. You write out a check for the exact amount of each purchase, your check-stub is a record for reference and the check itself will later be returned to you by the bank and may be retained as a receipt.

Some persons may think of the check account as being complicated. Nothing could be more simple, however. We keep books for you and there is a record for your every transaction.

NOTICE OF SALE OF ELECTRIC RAILROAD FRANCHISE.

Notice is hereby given that application has been made to the Board of Trustees of the City of Glendale in the County of Los Angeles, State of California, for a certain franchise, granting the right to construct, maintain and operate for the term of forty-seven years, an electric railroad upon certain public streets in the said City of Glendale, hereinafter described, together with certain appurtenant and incident rights hereinafter mentioned, and that it is proposed by the said Board of Trustees to grant the same upon the terms and conditions hereinafter mentioned; that said franchise is described as follows, to-wit:

A franchise to construct, maintain and operate for the period of forty-seven years, an electric railroad for the transportation of passengers, to be single or double track, in whole or in part, at the option of the grantee thereof or his or its successors or assigns, over the route and along and upon the streets or portions of said streets in said City, described as follows, to-wit:

Commencing at a point in Glendale Avenue where the Westerly prolongation of the Southerly line of Lot Eight (8) in Block Twenty (20) of the Town of Glendale, as per map recorded in Book 21, pages 89 and 90 Miscellaneous records of Los Angeles County, California, intersect a line situated 13 feet Easterly from and parallel with the center line of Los Angeles, San Pedro & Salt Lake Railroad; thence Northerly parallel with the center line of said railroad to the Northerly City boundary line of the City of Glendale.

Together with the right to construct curves and switches and spur tracks into private property, also connections at street intersections, power houses and all other appliances, property, structures and attachments that may be necessary for the purpose of operating said road, and enabling it to be as effective as the best electric railroad; provided, however, that no spur track into private property shall be built within 500 feet of any spur track already constructed under said franchise, without first securing proper consent of the Board of Trustees of the City of Glendale.

That the terms and conditions upon which said franchise will be offered for sale, and granted, are the following, to-wit:

First. That the railroad to be constructed and operated under said franchise shall be used for the transportation of passengers, baggage, United States mail, Express matter and such other commodities as can be conveniently handled by an electric railroad, provided that cars other than closed ones, of a neat and attractive design, shall only be conveyed over said road between the hours of nine o'clock p. m. of each day and six o'clock a. m. of the following day; also such material as is used in the construction of the Glendale and Eagle Rock Railway from its northerly beginning to its present eastern terminus in Eagle Rock valley, existing at this date, and for such other extensions thereof as may from time to time be constructed within the City Limits of the City of Glendale.

That the tracks to be laid under said franchise shall be placed thirteen (13) feet from center line to center line.

Second. That said grantee or his or its successors and assigns shall use good material in the construction of said road, and said road shall be built in a good and workmanlike manner, and that said grantee and his or its successors and assigns shall at his, its or their own cost and expense, oil and re-oil, pave or macadamize the said road between the rails, between the tracks and for two feet on each side thereof, with the same material used by the City, and under the same specifications and in the same manner as upon the streets over which said roads are respectively, and shall keep the same constantly so paved or macadamized and in repair flush with said streets and provided with suitable crossings, and shall make the roadbed conform at all times to the established grade of said streets; provided, however, that where any of the above named streets have been graded or otherwise improved prior to the granting of said franchise, said roadbed and rails shall conform to and be flush with the surface of said graded or otherwise improved street or streets, whether such surface be above or below the official grade of said street or streets, and on all other street or streets the said roadbed and rails shall conform to such official grade as aforesaid.

In case the said grantee or his or its successors and assigns, shall fail to comply with the instructions given for said repairs for ten days after service of notice thereof upon the Superintendent or Manager of said electric railroad, then the Board of Trustees of the City of Glendale may, with suitable assistance, enter upon said electric railroad, or any portion thereof, and do the work and furnish the proper material and keep an itemized account of the cost thereof, which said grantee, or his or its successors or assigns, by the acceptance of this franchise agrees to pay immediately to the Treasurer of the City of Glendale upon the presentation of the account to the Superintendent or Manager of said electric railroad.

Provided further, that cars shall be run over the road constructed under said franchise every day, unless prevented by the elements, riots, strikes or unavoidable causes; provided also, that cars shall be run over and upon said road at intervals of not more than one (1) hour from seven o'clock a. m. until ten o'clock p. m. of each day, and as much oftener as may be necessary to properly accomodate all persons who apply for transportation over said road, except in times of extraordinary and unforseen amounts of travel.

Provided further, that said grantee and his or its successors and assigns shall have the right to excavate and remove portions of said streets necessary to properly construct said road and to erect needful apparatus, boilers, engines and other appliances to properly equip and run said road; provided further, that the City of Glendale, in granting said franchise, expressly reserves the right to pave, macadamize, renew or sewer any of said streets, or to lay gas, water or other pipes therein; said work to be done so as to injure said road as little as possible.

It is further provided that said grantee, and his or its successors and assigns, shall construct all necessary flumes and culverts for the free passage of water under the tracks of said railroad whenever and wherever necessary, and that all such flumes and culverts shall be constructed in accordance with plans and specifications approved by the City Engineer, and wherever required by said City of Glendale.

Third. That the grantee of said franchise and his or its successors or assigns, shall and will at all times upon and after the completion of said road, during the operation of the same and without extra charge, issue to and receive from passengers going in one direction, transfers good for one continuous passage over and upon any and every other line and lines or any other road or roads to any points within the said City, which said grantee or his or its successors or assigns does now, or may hereafter own, control, operate or have a controlling interest in. And provided as a further condition that said grantee, and its successors and assigns shall and will at all times as aforesaid, issue or cause to be issued to said passengers, without extra charge, a similar transfer from any and every other line or lines, which said grantee, or its successors or assigns does now or may hereafter own, control, operate or have a controlling interest in within said City of Glendale as aforesaid, to, over and upon the road operated and maintained under said franchise within the City Limits of the City of Glendale, and provided further, that such transfers shall be given and received as above provided, over and upon all such roads within the City Limits of the City of Glendale whether operated under a franchise granted by said City, or over and upon private rights-of-way owned or occupied by said roads within the City Limits of the City of Glendale.

Fourth. That the rate of fare for any distance within the City Limits over said road or its branches one way in the same direction shall not exceed five cents per one passenger; that persons under the age of eighteen years who attend the public schools of said City shall be required to pay but half fare; provided that said pupils shall purchase their tickets in quantities of at least One dollar's worth at a time, such tickets to be available only between the hours of eight o'clock a. m. and six o'clock p. m., in actual passage to and from school, and the said grantee and his or its successors and assigns, shall sell such tickets whenever requested so to do, when schools are in session, by a pupil who shall present a certificate from a teacher, approved by the principal of such school, that he or she is a pupil of the said school;

Provided further, that said grantee, his or its successors or assigns, shall carry free on said cars the City Marshall and deputies, and all regular police officers, and firemen of said City, when on duty, and letter carriers, subject at all times to the rules of the road.

Fifth. That the person, partnership, or corporation to whom said franchise is granted or awarded, his or its successors or assigns, shall, during the life of said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of said grantee and his or its successors and assigns, arising from the use, operation, or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of this franchise, but thereafter such percentage shall be payable annually, and said franchise is to be forfeited by failure to make the payments provided for, and it shall be the duty of the grantee of said franchise, his or its successors or assigns, to file with the City Clerk of the City of Glendale, at the expiration of six years from the date of granting of said franchise, and at the expiration of each and every year thereafter, a statement, verified by the oath of said grantee, his or its successors or assigns, and by the oath of the manager or presiding officer of said grantee, or his or its successors or assigns, showing the total gross receipts and gross earnings collected or received by the said grantee, his or its successors or assigns, during the preceding twelve months, and within ten days after the time for filing such statement it shall be the duty of said grantee, his or its successors or assigns, to pay to the City Treasurer of the said City of Glendale the aggregate sum of said percentage upon the gross annual receipts arising from the use, operation or possession of said franchise.

Provided, that if the road for which said franchise is granted shall be an extension of an existing system of railroad, then the gross receipts shall be estimated to be one-half of the proportion of the total gross receipts of said system which the mileage of such extension bears to the total mileage of the whole system, and said estimate shall be conclusive as to the amount of the gross receipts of said extension.

Sixth. That the work of constructing said road shall be commenced in good faith within not more than four months from the date of the granting of said franchise, and shall be prosecuted thereafter in good faith and without unnecessary or avoidable intermission or delay, and that said work of construction shall be completed within not more than three years thereafter, and if said work be not so commenced, prosecuted and completed within the times, or in the manner specified, such franchise shall be forfeited.

Seventh. That all poles used in the construction and operation of said electric road shall be placed within the curb line of the streets herein designated as officially established by the Board of Trustees of the City of Glendale, and the outer edge of poles shall in all cases be set as near the inner edge of the curb as practicable, when not otherwise directed by said Board of Trustees, and the wires suspended from said poles shall not at any point be less than nineteen (19) feet above the top of the rail; said poles shall be smooth, straight, and painted in uniform color.

That any neglect, failure or refusal to comply with any of the conditions of said franchise, shall thereupon immediately, ipso facto, effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee, or his or its successors or assigns, from further use of the streets of said City, under said franchise, and said grantee and his or its successors and assigns shall thereupon and immediately surrender all rights in and to the same, and said franchise shall be deemed and shall remain null, void and of no effect.

Notice is also hereby given that sealed bids in writing will be received for said franchise up to 7:30 o'clock p. m. on the 20th day of June, 1910; that the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor; provided only, that at the time of opening said bids any responsible person, firm or corporation, present or represented, may bid for said franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bids so made may be raised not less than ten per cent by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor in gold coin of the United States. Each sealed bid must be accompanied with cash or a certified check, payable to the City Treasurer of the City of Glendale for the full amount of said bid and no sealed bids will be considered unless said cash or check is enclosed therewith, and the successful bidder must deposit, at least ten per cent of the amount of his bid with the City Clerk before said franchise will be struck off to him, and if he shall fail to make such deposit immediately, his bid will not be received, and will be considered as void, and said franchise will then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions as to deposit as above mentioned.

Said procedure will be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his bid as herein provided. Said successful bidder shall deposit with the City Clerk, within twenty-four hours after the acceptance of his bid, the remaining ninety per cent of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void, and said franchise will then and there, by said Board of Trustees, be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the City Clerk the remaining ninety per cent of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited, and no further proceedings for the sale of said franchise will be had until the same shall be re-advertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him, or it, file with the Board of Trustees, a bond running to said City in the penal sum of Fifteen Hundred dollars, with at least two good and sufficient sureties, to be approved by said Board of Trustees, conditioned that said bidder shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside, and any money paid therefor will be forfeited.

By order of the Board of Trustees of the City of Glendale, made at a regular meeting of said Board on the 27th day of April, 1910.

G. B. WOODBERRY,
City Clerk of the City of Glendale.

SHIPPING YOUNG ORANGE TREES.

Twenty-four Japanese and one teamster, with S. J. Rice as overseer of the work, are busy at this time shipping young orange trees from the Rice nursery which lies between Central avenue and Brand boulevard. A car holding about 1200 young trees, is being shipped every day from this nursery, and the manager estimates that at least 20,000 have already been sent out.

The trees are dug with a quantity of dirt around them. They are then placed into a burlap sack and are loaded upon a wooden sledge on which they are drawn from all parts of the nursery to the point from which they are loaded upon a wagon and taken to the car which awaits them on the Southern Pacific track at this place. The sledge holds between thirty and forty at each loading. Before the trees are sent from the field they are selected and any that prove unfit are not allowed to go out. Those considered of good quality to send out are brushed by hand and are dipped in a solution of acid which eliminates any possibility of there remaining any germs, but at the same time does not injure the plants in any way. The trees now being sent out are yearlings.

Most of the trees are being shipped into the neighborhood of Porterville and Lindsay. Mr. L. C. Rice is planting 80 acres of land in the region of Lindsay to oranges, the National Cash Register company is putting in a large acreage at Porterville, the Reed Land Development company is planting a great many at Ducor, and a large number of the trees are being sold to smaller growers, who are planting them out. At his place near Lindsay Mr. Rice is also setting out a seed bed. This will be about half an acre in extent and will be covered with lath.

COST OF EDUCATION.

The expenditures for the last fiscal year in California were as follows:

Kindergartens, $131,048; elementary, $12,734,320.87; high schools, $3,119,886.36; total, $15,985,255.23.

Dividing the expenditures so given by the proper enrollment the cost of education per pupil per year is as follows: In the kindergarten, $22.75; in the elementary grades, $40.93; in the high school, $90.96.

On the whole the cost of education per child per year is $45.52.

Mr. W. E. Turner, representative of the California Decorating company, of Gardena, will be in Glendale on May 9th. Mr. Turner is an expert decorator. He has done the bulk of the work for such affairs as Sawtelle Good Roads, the Good Roads Jubilee, of Ventura; the Hollywood Flower Festival, the Carnival of Products, of Santa Ana, and Greater Auzsa Day, Monrovia Bargain Day, and other big days for other towns in the state. He comes very highly recommended as to his ability and integrity and our citizens may rest assured that what ever contract he has here will be performed to their satisfaction.

His stock is new and up-to-date and somewhat different from that of other decorators, for Mr. Turner originates and others imitate.

Ask him about it and get in line and have your place of business decorated or your residence also; no job too big and no job too small for him.

His prices are within the reach of all and he carries a large stock; he can do it for less money, and you get a better job.

Mr. Turner does not sell any decorations that are carried in stock or are offered for sale by any Glendale merchants, so patronize your home stores. If they haven't got it ask Mr. Turner or get him to decorate for you.

INFORMATION · by · TELEPHONE

PEOPLE are not leaving so much to chance in these days of universal telephone service. Instead of risking disappointment they telephone and get the facts.

Will school be held on a stormy morning, will your friend be in if you call, what does the weather man predict and when does the train leave—are samples of myriads of questions constantly passing over the wire and being answered by the proper authorities.

There are also questions to be asked about the telephone service, how somebody can be reached over the Bell Long Distance Telephone and what it will cost, and similar questions, which are being answered by the information operators.

Something About People You Know

David M. Filger and niece, Miss Dora Filger, start next week for Illinois where they will probably spend the summer.

Mrs. W. J. McCarroll leaves next week for Kansas City to attend a family reunion, after an absence of twenty-five years.

Mr. and Mrs. J. H. Woods of Milford street have issued invitations for five hundred at their residence on the evening of Tuesday, May 10th.

Miss Esther Crutcher arrived this morning at the home of Mr. and Mrs. Harry Crutcher, 417 Adams street. The young lady weighs 8½ pounds.

Mrs. Fred S. Evans leaves in a few days for a visit to relatives in Michigan and will go as far East as New York, probably to be away several months.

Miss Virginia Ray of Fifth street has accepted a position with Mrs. E. May Mitchell in her millinery store, corner Glendale avenue and Fourth street.

E. S. Comstock and family leave for the East on Monday via Portland, Seattle. They will return to their old homestead in Connecticut for the summer, and probably longer.

The public drinking fountain which is to be erected by the W. C. T. U. has been ordered and will soon be in place, probably on Fourth street near Glendale avenue.

Mrs. Edward G. Robertson was the guest of honor of the Civics Club, Los Angeles, on Tuesday morning. Mrs. Robertson is a prominent club woman who has recently moved to Glendale.

The Odd Fellows gave a "Smoker" last Monday evening, which was a great success. There was a large attendance of members and friends and good fellowship marked the occasion, as is usual in these pleasant affairs.

Mrs. Nellie Atkinson and little daughter, Editha of Milwaukee, Wis., is visiting at the home of Mr. and Mrs. Thomas Atkinson on Milford street. So far she is delighted with Glendale and in all probability will remain here.

O. A. Lane and wife have returned from their honeymoon in San Diego, and Monday evening a surprise welcome reception was tendered them at their home on Chestnut street. Quite a number of their Glendale friends were present.

Mrs. J. H. Woods (Mrs. Nanno Woods), of Milford street, entertained the residents of Milford street at a porch party on Monday afternoon. There were ten ladies present. Tea and cake were served and the neighborly meeting was much enjoyed.

Mrs. D. F. Hendershott, Mrs. Arabella Ferguson and Mrs. Henry Johnston, are attending the seventh annual convention of the Pasadena District of the Woman's Foreign Missionary Society, which is being held in the Trinity Methodist Church, Pomona.

Mrs. Danford of the Public Library, who has been enjoying a vacation at the seashore, has resumed her duties and points with pride to late additions to the library, the need of which has been felt for some time past. The library will hereafter be open daily, Sunday excepted, 2:00 to 8:30 p. m.

Miss Cora Ward started Tuesday for an indefinite visit in the North. She will go by boat to San Francisco, from where she will go direct to Oakland, where she will pass some time with her cousin. Her traveling companion will be a young lady from Los Angeles.

On Thursday last, Mrs. F. A. Field, of 411 W. Third street, was delighted to receive her brother, Philip Morse of San Diego. He, with his wife, niece, and Mrs. Treat, of Portland, Maine, made the trip from San Diego to Los Angeles in his auto and enjoyed visiting Riverside, Redlands and Pasadena on his way. He was delighted with the prospects of Glendale and spoke enthusiastically of its future.

The Parent-Teacher association of the Fourth street school held its regular monthly meeting Friday afternoon, April 29th. After the usual business session the annual election of officers was held with the following results: President, Mrs. B. H. Nichols; first vice president, Mrs. C. Grist; second vice president, Mrs. G. B. Mock; secretary, Mrs. Lucile Shultz Palmer; treasurer, Mrs. W. Laurence Hovis.

On Wednesday, at 8:30 p.m., at the residence of the bride's parents, in Highland Park, Donald C. Hover and Miss Leola May Boring were married, Rev. F. A. Field, of Glendale, officiating. Many guests were present to witness the ceremony. They will be at home to friends after June 1st, at 1718 West 35th street, Los Angeles. The young people are well known and have many friends in this vicinity who wish them all happiness.

Executive meeting of the Ladies' Missionary society of Los Angeles was held Monday in the Immanuel Presbyterian church. Mrs. Alice Ayers, Mrs. Pollock and Mrs. Wm. J. Smith attended as representatives of the Glendale Presbyterian church. At the noon hour a banquet was given in honor of Mrs. Dimmick, the treasurer at large. All the treasurers of Los Angeles district were invited and of course our local treasurer was one of those honored.

The lunch wagon which stands around the Pacific Electric station on Brand boulevard was burglarized last Sunday evening. The owner had pushed the traveling bean bazaar into the alley at the rear of the station and some person or persons entered it and got away with about five dollars' worth of eatables. Several young fellows were taken in by Marshal Miller later, but the evidence against them was not sufficiently strong to warrant holding them and they were released.

EAGLE ROCK

News, Social, Personal and Otherwise

The Ladies' Aid society meets the first and third Thursdays in the month.

Mr. and Mrs. H. E. Needham of 124 Fairmont avenue spent Wednesday at San Diego.

Miss Jennie Byram of Long Beach is the guest of Mrs. E. M. Edwards of Fairmont avenue.

Mr. Fred Hannaford, the plumber, has opened a store in the Ritchey & Grotthouse building.

Mrs. A. Howard and Mrs. Myers of Los Angeles spent Tuesday with Mrs. A. D. Howard of Stanley avenue.

Mr. Glen Biles of Acacia avenue, who has been home for a couple of weeks, left for the aqueduct last Wednesday.

The Los Angeles Gas and Electric corporation are now supplying their patrons with gas, and the general opinion of the valley is that they are giving excellent service.

A strawberry festival will be given at the residence of Mrs. J. Q. Adams on Central avenue, Friday evening. Everybody is cordially invited to attend. There will be a small charge of twenty-five cents.

Mrs. Louise Brundige was the guest of honor at a very enjoyable birthday party last Friday afternoon on Fairmont avenue. Roses and sweet peas were used in the decorating. Those of the valley who attended were Mesdames W. J. Cook, Chas. Young, W. E. Werden, L. T. Buck and Miss Clara Burkee.

PARENT-TEACHERS' CLUB.

The Parent-Teachers' club held their monthly meeting at the school house Tuesday afternoon. A very interesting program was furnished by the following: Master Robert Colethe of Glassel Park sang "The Girl of the Golden West;" Miss Esther Kites of Cummock hall recited, and our old reliable, Mr. Alfred Hare, furnished the club with two solos, all three of the entertainers were very highly complimented for their work.

The meeting was opened by singing America. Mrs. Curvelin spoke to the parents and teachers on questions of vital importance. Mrs. Dr. Russell, president of the Sixth street school Parent-Teachers' club of Glendale gave an address on the work done by her club. Lemonade and wafers were served.

EAGLE ROCK IMPROVEMENT LEAGUE.

The Eagle Rock Improvement League held its regular monthly meeting at Symphony Hall last Monday evening.

The chair appointed an entertainment committee of three ladies, consisting of Mrs. Edwards, chairman; Mrs. Reed and Mrs. Hamilton.

Mr. J. Edwards of the electric light committee and Mr. Lynch, superintendent of the Glendale City Lighting Plant, outlined a plan by which it was thought we could buy electricity from the city of Glendale. Mr. Brown, president of the Eagle Rock Bank, stated that he thought the bank would probably be willing to loan what money the deal would require. On motion of Mr. Cook the electric light committee was instructed to take the necessary steps to secure electricity from the city of Glendale upon the plan outlined by the chairman of the committee.

On motion of Mr. Edwards the secretary of the league was instructed to write the Los Angeles Gas & Electric Corporation, thanking them for the dispatch and neatness with which the streets had been repaired after the laying of the gas mains.

Messrs. Pitman, Bourne, Sandee, Diddock and Young were appointed on a membership committee.

The next meeting will be held the first Monday in June at Symphony Hall.

TROPICO

Daniel Webster left for a brief visit to his ranch at El Centro, Tuesday morning.

The Ladies' Aid of the Presbyterian church held a meeting in the church Tuesday afternoon.

Mrs. Fred Lee of Los Angeles spent last Tuesday with Mrs. Frank Ballentyne on Glendale avenue.

Mr. and Mrs. W. G. Black visited Mr. and Mrs. George Clarke of Pasadena, Sunday.

The Tropico bridge whist club met with Mrs. Burt Richardson on Eulalia street Tuesday afternoon.

Rev. Henderson C. Shoemaker passed the early part of this week at his ranch, which is located at Highlands.

Miss Emma Casler of Los Angeles has been visiting her sister, Mrs. W. C. Botkin at the Methodist parsonage the past week.

Mrs. C. C. Stanley of Los Angeles, was the midweek guest of her grandparents, Mr. and Mrs. N. C. Burch of Twin Pines.

Mr. and Mrs. William Rogers of Los Angeles were the over-Sunday guests of Mr. and Mrs. Will Hohnholz of Brand boulevard.

The regular meeting of the Parent-Teachers' association of the Tropico grammar school will be held in the school tomorrow afternoon.

The G. H. A. Goodwin company has sold a lot in the Tropico Park avenue tract to the Los Angeles Examiner, who will hold it for a future contest prize.

S. V. Albertson and wife of Wisconsin, who have been visiting with Mr. and Mrs. C. D. Winebrenner of Parke avenue, have purchased property here, and will remain here permanently.

Saturday evening a party composed of Mr. and Mrs. Hal H. Davenport, Mr. and Mrs. F. P. Ballentyne and Dr. and Mrs. A. O. Conrad saw "Brewster's Millions" at the Burbank theater in Los Angeles.

Mrs. L. C. Rice, delegate from the Tuesday Afternoon Club of Glendale to the General Federation of Women's Clubs which meets in Cincinnati, O., during this month, left for the East Tuesday morning.

A number of friends surprised Mrs. Davenport at her Glendale avenue home last Saturday evening, it being the event of her birthday. A pleasant time was enjoyed and Mrs. Davenport was presented with a silver spoon as a remembrance.

Winebrenner & Albertson report this week the sale of two lots in the Ayers tract on Palmer avenue to Mrs. E. Z. Luce of Los Angeles for $1500; also two lots in the Boynton tract to the same party for $700 each. The last two mentioned lots are 75x270 feet.

Davenport & Black report this week the following sales: Lot H in the Tropico Park avenue tract to H. H. Asmont of Santa Monica, the price being $350; one lot in same tract to George Coint of Los Angeles for $350; one lot to A. J. Coint of this place in same tract for $425. These lots are all 50x147, and are located in Oak Drive.

Mrs. George Howe gave a farewell party to Mrs. Robert Hopkins at her home on Laurel street, Monday evening. Mrs. Hopkins left for an extended visit in the East Wednesday evening. The guests included Mesdames E. M. Lynch, H. H. Davenport, W. C. Wattles, A. O. Conrad, F. P. Ballentyne, Davis, W. H. Bullis, E. J. Morgan, U. H. Webster, P. Jordon and John Parker.

Mrs. James R. Maxwell of Park avenue returned from a visit of a fortnight in San Francisco and Oakland, Sunday. While in Oakland Mrs. Maxwell attended the department convention of the Womans' Relief corps, as a delegate from N. P. Banks W. R. C.

Mrs. Maxwell and her son, Guy Maxwell, instructor in the Van Der Nallain School of Mining and Civil Engineering, at Oakland, also visited relatives at Napa.

The Tropico Thursday Afternoon club met at the home of Mrs. E. M. Lynch in Damasco street. Assisting hostesses were Mrs. W. O. Borthick and Mrs. John Parker. The subject for the day was "Birds," in charge of Mrs. W. H. Bullis. Mrs. Emil Tholen gave a most interesting talk and related some amusing experiences when "birding." Merril Blain read a paper and exhibited some specimens of birds and birds' eggs.

Mrs. Martha McClure, accompanied by Miss Litha Belle Hibben, Miss May Cornwall, Miss Fdera Borthick, Miss Iva Hunter, Miss Helen Ingraham and a large number of pupils of the Tropico schools, attended the Damrosch concert in Los Angeles Monday evening. Tropico proved the banner school of the valley, as the largest percentage of teachers and pupils of the valley, who availed themselves of the concert, came from the Tropico schools.

TROPICO METHODIST NOTES.

The pastor has arranged to have something special each Sunday evening through the month of May. Last Sunday evening the house was filled to hear the illustrated sermon preached by the pastor. Next Sunday evening the stereopticon will again be used in the service to illustrate sermon and song. Regular services throughout the day.

The Ladies' Aid held an all-day meeting in the church parlors, Tuesday.

The Epworth League held a business meeting and social Tuesday evening. Games were played and good things to eat were furnished. Plans were made for attending the subdistrict convention which will be held in Glendale Methodist church, Friday evening, May 13th. All leagues are invited.

SCHOOL CENSUS.

G. W. Stroebel, who has completed the school census for the Tropico district, reports 313 children of school ages. This does not include the children who live west of the Southern Pacific tracks as that portion has been annexed to Los Angeles. Last year the school census showed 293, which included a portion of the Washington district and all of that district recently annexed to the city.

Mrs. McClure, principal of the school, reports an enrollment of 224 pupils.

Each week new pupils are enrolled as so many families are moving into Tropico.

WEST GLENDALE

Mrs. Will Ludlow and daughter, Miss Elsie, of Burbank, spent Tuesday with her sister, Mrs. J. O. Elliott on Ivy street.

Mr. Cheney has returned from a week's trip to Imperial and reports the weather as being even a little warmer than it was here the last week.

It won't be long until the greeting of one school child to another will be "Did you get promoted?" The county exams will soon be ready, and the children are surely studying hard.

A cottage meeting of the Adventist church was held at the home of Mrs. C. E. Clay, 1517 Ivy street, on Wednesday last. Quite a number of ladies were present and a very enjoyable afternoon was spent.

Mr. and Mrs. J. J. Schemp of 1442 West Fourth street, entertained the following friends at dinner on Sunday last: Mr. and Mrs. Thos. Roberts, of Los Angeles, and Miss Carrie Scoville, late arrival from New York.

The Ladies' Aid of the Presbyterian church met at the home of Mrs. Miner on Ivy street and spent a very interesting and enjoyable afternoon. There were a large attendance. Rev. Ward, pastor, gave a very interesting address. Refreshments were served at the close of the meeting.

Mr. and Mrs. Parker Smith, returned missionaries, spent the latter part of the week at the home of Mr. and Mrs. R. W. Hammond, 1509 Ivy street. They spent three years teaching the natives of St. Andrews Islands, and have taken prominent positions in many other parts of the globe, all in the interest of the Adventist Church school. They expect to fill positions either here in Glendale, or at the college at San Fernando, in the near future.

The pupils of the Eighth grade of the West Glendale school chaperoned by their teacher, Miss Nellie Miller, and principal, Mrs. Taylor, enjoyed a picnic at Griffith Park, on Saturday last. They had a most delightful time. Many ascents to Harper Rock and neighboring peaks were made, and in some cases a few "descents" were taken by the children out there. It was all in the game and nobody complained. A sumptuous repast was served to which all present did credit. Next Saturday the Fifth and Sixth grades with invited guests will enjoy the same "good time."

Our store, with the largest line of samples in Southern California, is a 25-minute ride from Glendale; that is, 5 to 10 minutes nearer than lots of people that live in the city. That gives Glendale all the advantages of a large city for selection.

We have sold during the last seven years more high grade gas ranges than all our competitors combined, because, we have the best gas range that is known to be made.

We are the only firm that keeps a gas range expert who devotes his time to any complaints, generally free, the first year.

No factory gives a guarantee. We give a personal guarantee with every range and you risk nothing at all, as we take all the risk.

It costs no more to trade with this firm, who gives an intelligent guarantee and will see that your complaints are looked after immediately.

We deliver and connect ranges free in almost all Southern California.

It generally costs 15 cents per foot to pipe a house: if you had to use some ranges and your piping was free, it would be expensive.

The "Jewel" stands unique among gas ranges, in that the name has been appropriated by some other manufacturers and consequencly its reputation. The United States Court of Appeals has decided that the name "Chicago Jewel" is an infringement and liable to prosecution.

CAUTION—Generally, ranges enameled a nice black, are made of the commonest stove pipe steel and are full of slag and are painted to deceive you.

See our written guarantee before you place your order.

Unlike steel ranges, hardly any two makes of gas eanges are made on the same plan or principle. The average manufacturer is in the experimental stage yet; the present day perfection of the Detroit Jewel is the result of over thirty years in manufacturing gas ranges.

Judge R. A. Ling, now township justice in the city of Los Angeles, is an aspirant for one of the three positions on the bench of the superior court of the county at the coming election. We believe that Judge Ling had the unanimous endorsement of his fellow members of the bar for the position which he at present occupies, but which he did not seek, being appointed by Gov. Gillette to fill a vacancy. He has been a resident of Los Angeles for 34 years. One of the first public positions he held was that of deputy under Sheriff Mitchell(who resided in Tropico, owning the property now belonging to the Forest Lawn Cemetery association). He has been practicing law for 22 years, making a specialty of the criminal branch. His record in his present office is one that should commend him to the people, for in several instances he has shown an independence of and that disregard for musty precedent which is too often the dry rot of our judicial system—by this we mean not a disregard for precedents in law, but for some of those practices which have become too common, particularly in some of the lower courts. It is this independence in thought and action which leads us to believe that Judge Ling would serve the people well in the position to which he aspires.

PROHIBITION.

(Contributed by Edgar Leavitt)

Facts for the Fight.

Every temperance worker should know that Alabama is still a prohibition state even if the newspapers did report that the "wets" won a victory at the recent election.

A statutory prohibitory law was passed by the Alabama legislature in 1907. It did not prove strong enough for successful enforcement and Governor Comer called a special session of the legislature for July, 1909, and amended it, so in many respects it is "the most stringent and far-reaching liquor law ever enacted." At this session a prohibitory amendment to the constitution was also submitted to the people, it was voted on November 20th and did not carry. Alabama still has its splendid statutory law and officials who stand for its enforcement.

Sir Thos. Whitaker, M. P., says: "The burden of armies and navies is an international scandal. Great Britain spends more on armaments than any other nation but she spends two and a half times as much on drink as on armaments. Under international conditions perhaps the armament expenditure is necessary, but the drink bill is wholly wasteful and can be avoided.

A total abstainer is from 25 to 30 per cent. better risk than a moderate drinker, according to life insurance experts.

Cook county, Ill., in which Chicago is located has more insane patients than the total population of all the charitable, correctional and penal institutions in the state of Kansas.

There was a decrease of 342,285 barrels of beer in Ohio last year, according to the U. S. Brewers' association, and yet "prohibition does not prohibit." This means a saving of more than $10,000,000 to the people of the state.

If prohibition does not prohibit police statistics show that it has a decidedly sobering effect.

When a great railway or industrial establishment enforces the policy of total abstinence and refuses to employ a man who drinks either while at work or when at his leisure, it has struck a hard blow at intemperance."

How many rotten apples will it take to save a pile? How many saloons will it take to neutralize the influence of the church? How many missionaries will be needed to counteract the influences of rum?
